

LETTER 10

Nov 28th 1903

Messrs A. Joseph & Co.
163 Pitt St,
SYDNEY.

Dear Sir,

I regret having to leave Sydney last week without seeing you, unfortunately not being able to keep my appointment the morning following my being in your office.

I would like to have the lowest prices with discounts for Water-Motors with and without fans. I have enquiries for several for circulating air in small chilling rooms for which purpose they appear to me very suitable.

Any other information you could give me re goods you stock might lead to business.

Awaiting your esteemed reply

I am yours faithfully,

Alf Geo Jackson
