

LETTER 31

JUNE 27TH 1904

Town Clerk
Ipswich Town Council.

Sir,

Re your telephone message I beg to offer rough estimate of cost of Synchronome movements for your tower clock.

Seconds beat controller, capable of giving accurate time to within a minute in 12 months £12.12.0
4 movements for dials to 4ft diameter for Tower each £2.0.0.
12" Dials complete for inside use each £2.5.0.

These do not require winding up and usually run for twelve months on one charge of the battery at a cost of 3p per dial.

Yours faithfully,
Alf Geo Jackson
