

LETTER 45

Sept 24th 1904

Messrs Berliner Telephone Coy,  
200 Upper Thames Street  
LONDON E.C.

Dear Sirs,

I thank you for your lists which have come to hand I was sending for other goods to Messrs Veritys and I ordered about 3 dozen of your small telephones, understanding they supplied your goods, as this would save freight etc.

I would be obliged if you will let me have your list of accessories, such as receivers, transmitters, cords, small switchboards as well as apparatus suitable for the multiple telephones & exchange switchboards, as used by the Government here. If you have any printed matter or display cards for windows, I should be pleased to use them & push your goods as much as possible. My agents in London are Messrs Allison & Co, 60 Gracechurch St.

Yours faithfully,  
*Alf Geo Jackson*
