

LETTER 70

28th August 1907

The Registrar of Patents

Wellington

New Zealand

Dear Sir,

Under separate cover I send you application for Letters Patent of an invention for "A system of Electric Releasing mechanism for turret Clocks, Bell striking apparatus and other purposes" also two copies of complete specification, Statement of Address for Service, and two sheets of Drawings which I trust you will find in order.

Herewith I enclose Postal Note for 10/0 being the amount of the application fee.

Yours faithfully,

Alf Geo Jackson
