

LETTER 95

February 14th. 1910

The Commissioner of Patents
Department of Patents,
Melbourne

Sir,

Yours 10/1002 re application No. 15706 to hand. I quite see what you mean as regards not being proper subject for additional patent and requires to be a new patent.

I enclose an "Application for Patent" and you have already the statement of address.

I have dated the new application the same date as the previous one for additional Patent, if this is not correct I authorize you to amend to the correct date.

I have also amended the wording of claim 2 as necessary and send another original and copy in case you cannot amend the former.

I am,

Yours faithfully,
Alf Geo Jackson

"Thorton Heath"
Stephens Road,
South Brisbane.
