

LETTER 101

April 13th. 1910

Messrs. James Hurl & Co. Ltd.,
Loftus Street, Sydney.

Dear Sirs,

Yours of April 9th. to hand, and would state that I cannot accept the terms stated therein. As regards the tenth interest reserved to me in the Patent rights I would like to know how you intend to estimate the profits and cannot see how it can be worked satisfactorily in this way. I should suggest instead that a royalty be paid to me in lieu of this for all the arms sold and would like to hear your suggestions. The money terms of purchase I reduced to in Sydney I would not depart from except to say £150 cash and £100 three months, Bill on assignment. I have been informed on arrival that the 5% has been given for Queensland and only awaits the sanction of the new board here, and in the meantime we are busy with the Railway contracts. An early decision would oblige.

Yours faithfully,
Alf Geo Jackson
