

LETTER 122

10 th. October 1922

A. B. Chater, Esq.,  
c/o Alex Wilson & Co,  
234 Clarence Street,  
SYDNEY

Dear Chater,

Yours received, Barton is leaving Aussie early next month and has made an offer to finance it abroad for a half share, all expenses to come out of profits which means I suppose that we should not get anything. I would rather sell out the foreign rights for £500. cash than get nothing as we are sure to get done by strangers abroad.

Les. South wished to know if you had fixed up their people as he had not heard.

Atthow says Denham is going to America and would take it there for us if you don't fix anything South,

Awaiting your further good news,  
I am,

Yours faithfully,  
*Alf Geo Jackson*
